

This diagram shows an exploded perspective view of a multi-layered structure 10. The structure consists of several layers: a top layer 2,6; a middle layer 3; a layer 4; and a base layer 17. The top layer 2,6 has a central opening 2a and a surrounding flange 2b. The middle layer 3 and layer 4 are similar in design. The base layer 17 is a rectangular frame with a central cross-shaped support structure 11. The base layer 17 has dimensions X_1 and Y_1 . A separate component 5,6 is shown below the base layer 17, with dimensions X_2 and Y_2 . This component 5,6 has a central opening 5a and a surrounding flange 5b. The exploded view shows the relative positions and dimensions of these components.
